

Enlighten Me!

By Team Fury

Problem

The current approach to acquiring new books

Problem 1

It's tricky to find people that own the book(s) you need.

Problem 2

Checking every library for a book you need can be tedious.

Problem 3

People don't know what to do with books after they are done reading them

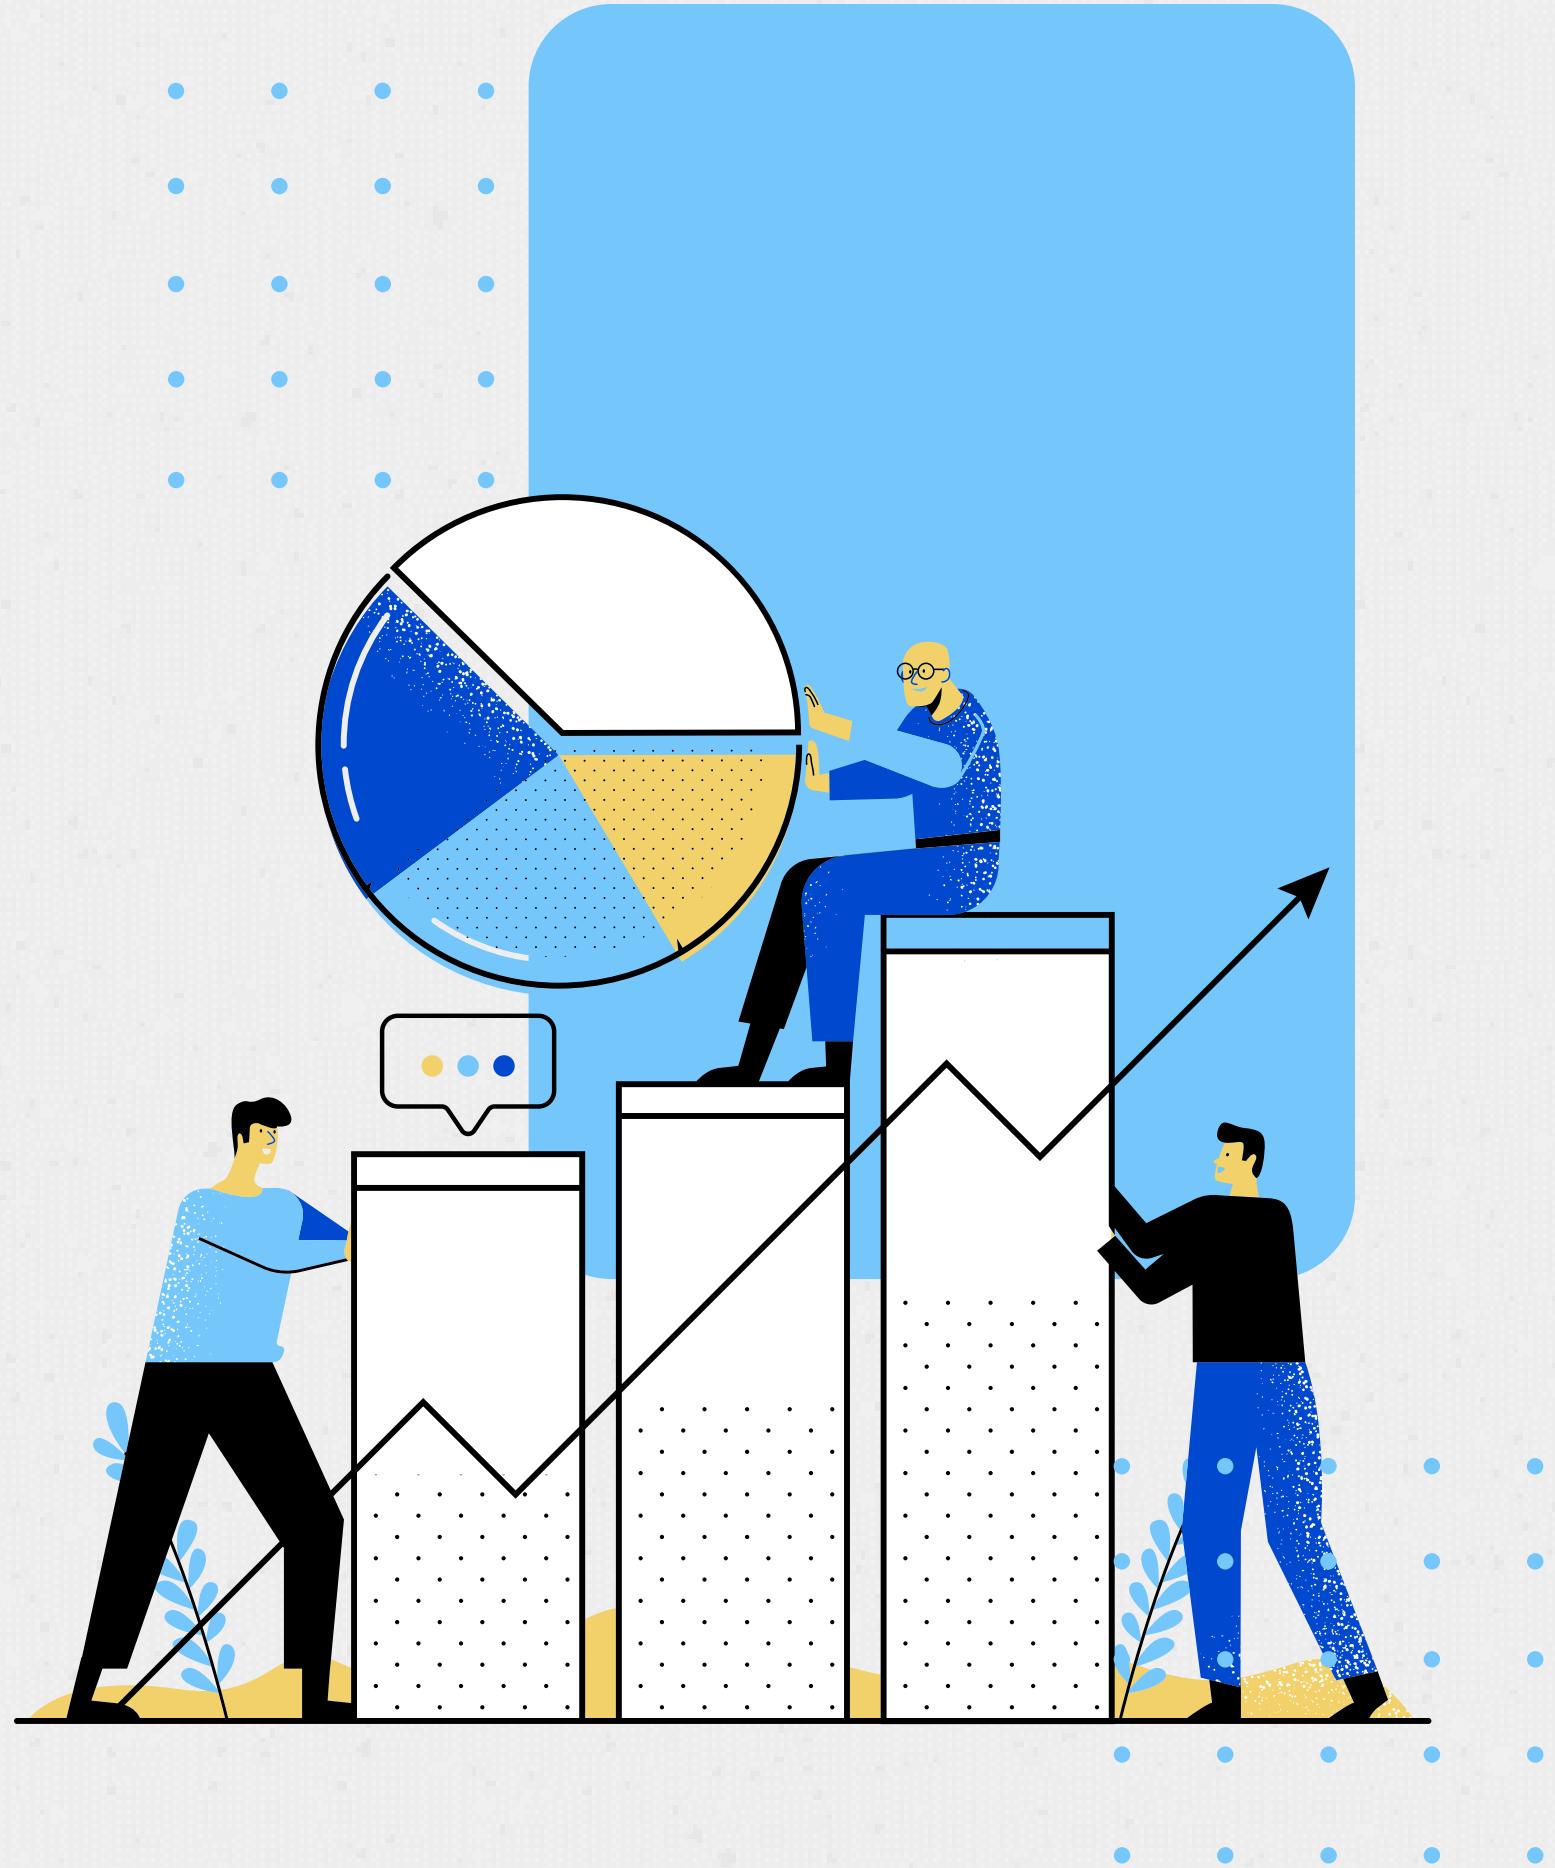

Our Solution

A platform where people can sell their old books, put them up for trade or donate them.

Advantages

1. A unique approach to gaining knowledge.
2. Availability of books within reach.
3. Makes space for new books and a Hassle-free approach.

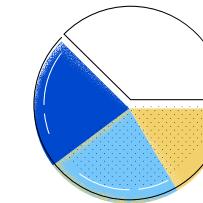

Future Roadmap

We have a lot of plans to extend the features of the website to bring in more functionality and better the user experience.

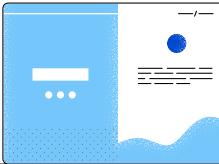

Step 1

MAP FUNCTIONALITY

Step 2

ISBN VERIFICATION

Step 3

PARTNERSHIP WITH LOCAL LIBRARIES

Step 4

BOOK RENTALS AND COMMUNITY

Tech Stack and Learning

Front-end

HTML

CSS

Bootstrap

Javascript

Back-end

Python

Django
